Masstamilan album video songs

The often dour nature of the blues, with its focus on realism and looking for authenticity, does not always make for happy holiday music. As a genre, blues music as a genre does not tend to redeem as often (or as boldly) at Christmas as country music or early rock 'n' roll artists. Nevertheless, there are a number of fine Christmas collections for those who enjoy a Blues Christmas, and the following albums are among the best of the blues and offer not little seasonal joy, even in the blues context. Matt Roberts/Getty Images Entertainment/Getty Images This 1992 CD from Alligator Records offers a little bit of every blues. Artists who contribute are legends such as Charlie Musselwhite, Lonnie Brooks and Son Seals, as well as relatively young us such as Kenny Neal, Tinsley Ellis and William Clarke. Fourteen festive tracks in all, and you haven't lived until you hear Koko Taylor belt Merry, Merry Christmas. A more contemporary collection of Christmas carols than most of these compilations, this includes performances by the solid musical citizens of Austin, Texas. The album features blues, roots rock and Americana artists such as the Fabulous Thunderbirds (Merry Christmas Darling and Winter Wonderland) and Lou Ann Barton (Rockin' Around The Christmas Tree and Please Come Home For Christmas) as well as Charlie Sexton and Angela Strehli, who are led by Willie Nelson's classic Blue Christmas. This 2003 collection is actually a low-priced reissue of the B.B. King Album A Christmas Celebration Of Hope, so if you have this, don't jump for it, no matter the discount price. Either way, it's a decent collection of holiday blues melodies from the king of blues guitar, with fine performances of chestnuts like Merry Christmas, Baby and I'll Be Home For Christmas as well as a new King composition, the spry Instrumental Christmas Love. This cheap entry into Universal's 20th Century Masters series often includes anthologized songs by Koko Taylor (Merry, Merry Christmas) and Charles Brown (Please Come Home For Christmas) alongside hard-to-find Christmas songs such as Santa Claus by Sonny Boy Williamson and tracks by William Clarke, Eddie Campbell and Jimmy McCracklin. A dozen songs in total, at a reasonable price; Nevertheless, if you find a copy of Blue Yule (listed below), I would choose it instead. This is probably the hottest blues-oriented Christmas album you'll find, including rare tracks by legends such as Lightnin' Hopkins (Happy New Year) and John Lee Hooker (Blues For Christmas), as well as the usual soulful holiday dishes of the likes of Charles Brown, Jimmy McCracklin and Eddie Campbell. Also artists like Canned Heat, Roy Milton, Detroit Junior and Louis Jordan (his last recording, 1968 Santa Claus, Santa Claus) don't appear so often on holiday compilations. America Canned Heat, recorded their first Christmas song with the novelty band Chipmunks in 1968. Christmas Boogie got a little airplay back in the day and it is visited here again, along with another classic Canned Heat holiday gemstone, Christmas Blues. It is included here in the original version, together with a recent performance with guest Dr. John and a third with guitarist Eric Clapton and blues harpist John Popper. The rest is pure churn-and-burn boogie with the happiest holiday intentions. Alligator Records released a slew of houserockin compilations in the late 1980s and 90s to attract new fans to the blues, but this 2003 CD celebrates the holidays with a diverse 16-song collection of blues, soul and zydeco music (including many new songs). Among the artists who bring musical cheers are the ever-reliable Koko Taylor, the alligator label Lonnie Brooks, the phenomenal singers Marcia Ball and Shemekia Copeland as well as the guitar singers Coco Montoya and Michael Burks. Roomful of Blues asks the important question: Santa Claus, Do You Ever Get The Blues? A solid collection of bluesy Christmas tunes led by the Charles Brown standard Please Come Home For Christmas and performances by Lightnin' Hopkins (Christmas Blues), Big Joe Williams (Christmas Blues), Lowell Fulson, Big Joe Turner and Johnny Winter. Some duplication with other Christmas comps, but you can't go wrong with four Charles Brown songs. You can't get a hipper for the holidays as this hot-hot collection, with a unique cast of Christmas blues by Mark Hummel (Thank You, Santa Claus) and Willie Big Eyes Smith (One Day Till Christmas), as well as Snooky Pryor, Alabama Red Curley Bridges and Chris Whitley, among others. Call it the blues if you like, but this is a cheerful collection of Christmas music from talented people like Duke Robillard (Dukes Christmas), Billy Boy Arnold (Christmas Time), Jimmy Witherspoon (with Robillard on Christmas Blues), Roscoe Gordon, Big Dave McLean and Long John Baldry. Fourteen melodies in blues, soul, roots rock and country vein, guaranteed to brighten your Christmas morning. For the RecordBy Dan Jackson There are few bands or music groups that survive the test of time, especially those that were founded in the 2000s. From Fifth Harmony to One Direction, both boys and girls' groups aren't really durable. That's unless you're talking about Little Mix. The British girl group won the British X-Factor in 2011 and was the first girl group ever to do so in the British version of the show. Since then, they've been doing bangers, but they're not that big in American. To really convince why Little Mix should be a hit, here are seven videos to show. It's also a good introduction for them if you've never heard their music. Bennett/Dave Bennett/Getty Images 1. Wasabi How many songs today, Wasabi Wasabi Some popularity on Tik Tok last summer, but that's not why this song needs to be on your radar. It's such a bop, with multiple levels to the song. It has the rhythmic, staccato vers and then the more fluid, sensual chorus. It's a song that's great to work, dance or a big hype-up song. As one of the top comments said: Every time I hear Little Mix, I become a cheeky, confident queen, then the song ends and I come back and I'm a little potato.) 2. Black Magic One of the first hits of Little Mix and songs in general, Black Magic tells the fantastic story of wanting to use a love potion on a guy to get them to finally notice you. While it's just a fantasy, the music video is so worth it. The four members play this kind of nerdy or awkward girl who have a massive crush on this one guy. They grab a magical book and begin to sabotage the mean girl and help other less than popular children in their school. It's fun and really meant their massive start. 3. Love Me Like You A retro-inspired song, Love Me Like You, will remind you of a sockhop jam from the 1950s. It's slower and perfectly highlights their voices. It also has the great 50s concept of longing and pining for a guy who seems to be unique. However, the video from 2015 shows that maybe some guys are too good to be good. Regardless of how you take its meaning, it's a fun song that will put you in a happy, bright mood. 4. Think About Us ft. Ty Dolla Sign Think About Us basically acts when you're so into someone that when you think about them (which is a lot), you can't help but wonder or hope they do the same. Whether it's at the beginning of a relationship or near its end, it's definitely a worry or thought someone might have. The song itself is also a really, really good mood. The beat can be for dancing or just a nice background pulse when you need it. 5. Woman Like Me ft. Nicki Minaj Little Mix has always had an underlying or sometimes unhurried message of empowerment. Woman Like Me, one of her newer songs, basically says that they are strong, open and sometimes don't really behave the way a real woman should. But they like a guy and ask themselves: Can they deal with it? This also has Nicki Minaj and is such a good song for you to feel powerful. 6. Reggaetn Lento CNCO duet Originally, Reggaeton Lento was completely in Spanish as it was a single by the Latin American boy band CNCO. Little Mix jumped on the remix, and it's such a good song. It's definitely a different style of music that they usually do, but they run it from. There are still parts in Spanish, and it's perfect to dance. 7. Shout Out to My Ex Okay, time to crown it with one of little mix's best and greatest songs. It's the ultimate breakup song. It is not the ex, per se, but it is uplifting the girls. They thank their exes for making them what they are now, teaching them lessons and also from their Now. Honestly, it's like thank you U, go on, but obviously years earlier. It's also famous about Zayn Malik, who reportedly split with Little Mix member Perrie Edwards via text message. It's the perfect song to scream out the lyrics, even if you don't have an ex-ex.
